acknowledgments

We, Martine and Michael, thank Andrew Waldron, acquisitions editor, and Ian Hough, assistant acquisitions editor, for all their support and enthusiasm about getting the book off the ground and during the development process. We thank Elesha Hyde, development editor, who was a huge source of support from start to finish, providing professional guidance, editing, and encouragement. Louis Lazaris, technical proofreader, and Arthur Zubarev, technical development editor, provided thoughtful, useful technical feedback and code reviews. Thank you both for all your input. Finally, we send a huge thank-you to all the early-access readers and reviewers throughout the process, whose input helped shape and develop this book.

We thank all the reviewers: Abhijith Nayak, Al Norman, Alain Couniot, Aldo Solis Zenteno, Andy Robinson, Anil Radhakrishna, Anton Rich, Aryan Maurya, Ashley Eatly, Beardsley Ruml, Bruno Sonnino, Carla Butler, Charles Lam, Danilo Zeković, Derick Hitchcock, Francesco Argese, Hiroyuki Musha, Humberto A.
